About the Grant

The Calgary Homeless Foundation (CHF) is a registered charity that exists to end homelessness in our city. Working with Calgary's non-profit sector, business, government, the faith community and the public at large, the Calgary Homeless Foundation provides system level leadership for Calgary's Homeless Serving System of Care. Through the Innovation, Capacity building, & Enhancement (ICE) Grants, CHF will partner with the community to further accelerate the end of homelessness in Calgary.

The goals of the ICE Grant are to help people find their way home by:

- I. Supporting **innovative** solutions to ending homelessness in Calgary
- II. Strengthening organizations in their work to end homelessness in Calgary (**capacity building**)
- III. **Enhancing** the homeless serving system of care by expanding the number of clients served

Budget

Each year, funds for these grants are provided by reinvesting available surplus or unspent funds from existing CHF funded programs. Grants are subject to fund availability and proposals will be considered until funds are exhausted for the year. Accountabilities and required collaboration with CHF will scale to the size of grant. Successful applicants whose project exceeds fund availability for deadline may be asked to postpone the project until the next grant deadline. See below for budget guidelines:

Successful grant applicants will be contacted once project selection is complete.
