

WE ALL HAVE A ROLE TO PLAY IN ENDING HOMELESSNESS

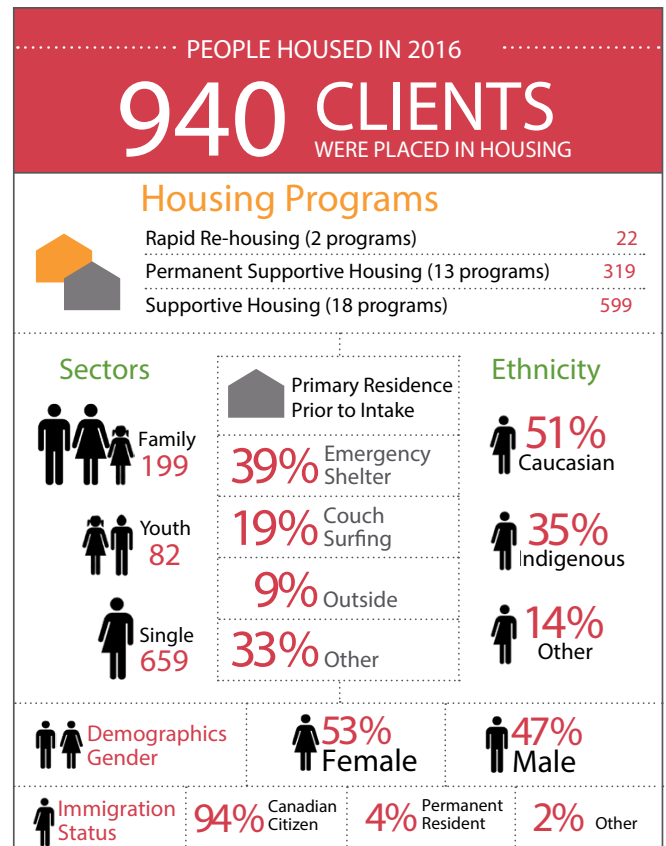

THIS IS OURS.

In 2015-16, CHF funded 14 non-housing specific programs and 42 programs that provided 2,043 housing spaces with supports.

*CHF also provided funding for outreach through the Downtown Outreach Addictions Program (DOAP) and Outreach and Cultural Reconnection (OCR) through the Aboriginal Friendship Centre of Calgary (AFCC). Together, these programs provided 27,308 services to 4,201 clients last year.

*In addition to housing with supports program spaces, CHF provided Winter Emergency Response for additional support over our city's coldest months. This year, we introduced Fee For Service Winter Emergency Response where each program is funded on a per client basis. A total of 21 families were supported through CHF's Family Winter Emergency Response dollars.

"We build a community for clients. That's the human model."
-Metis Calgary Family Services

Homelessness in Calgary is an important social issue that requires a coordinated and collective societal response. Calgary's Homeless-Serving System of Care is that response.

Calgary's Homeless-Serving System of Care is a network of agencies working together to ensure those at risk of or experiencing homelessness have timely access to the right housing with the right supports. The Calgary Homeless Foundation (CHF) has the big picture view of Calgary's Homeless-Serving System of Care. We have the expertise, do the research, analyze the data, and measure gaps and progress. We mobilize best practices in funding, education, program delivery measurements and advocate for policy advancements so Calgary can reach its goal of ending homelessness.

Creating an effective, nimble, system of care allows us to connect individuals to the right resources as compassionately and quickly as possible. Ending homelessness happens one person at a time by matching the right person, with the right housing, with the right supports. The graphs above are a snapshot of what was accomplished last year (April 01, 2015-March 31, 2016) through Calgary's Homeless Serving-System of Care.
